GALVESTON DESTROYED.

LOSS OF LIFE IS ESTIMATED AT FROM 1,000 TO 5,000.

ALL SOUTHERN TEXAS IN THE GRASP OF THE TERRIBLE STORM.

GALVESTON CUT OFF FROM OUTSIDE WORLD.

Houston, Tex., Sept. 9. The storm that raged along the coast of Texas last night was the most disastrous that has ever visited this section.

The destruction of railroads and of telegraph wires has made it impossible to gather the full extent of the damage done by Saturday night's storm along the coast of Texas, but enough is known to reveal an appalling disaster involving the loss of hundreds and perhaps thousands of lives. Galveston is still inundated and cut off from communication, and it is feared that the city was swept by a tidal wave. In the absence of definite information estimates of the loss of life run into the thousands. One man who left Galveston after the storm says the whole city was inundated, and that one thousand people were killed, drowned, or missing. A relief train from Houston could get no nearer than six miles of Virginia Point, where the prairie was covered with bodies and wreckage. Two hundred dead bodies were counted from the train. Many vessels were blown high and dry and wrecked, indicating a tidal wave. Besides Galveston, Sabine Pass, Port Arthur, Brazos and other points are shut off from communication. From other points in Texas come reports of loss of life as follows: Chesango 9, Brookshire 4, Seabrook 4, Morgan's Point 3, Houston 1, Alvin 7, Texas City 6, Oyster Creek 6, Angleton 3, Arcado

1, Brazoria 6. From nearly all these points come reports of many others injured or missing. The damage to crops was everywhere great and beyond estimation at the present time. Gov. Sayres estimates the total loss of life by the storm at three thousand.

Galveston is on an island and is only five feet above the sea level. The Tremont Hotel is about half a mile from the bay and the water was three feet deep in the rotunda of this hotel.

Hopkinsville People There.

There are several former Hopkinsville people in Galveston. Mrs. V. W. Crabbe and her daughter, Mrs. T. W. Moore and child, are among them. Many Hopkinsville people have relatives and friends there and great anxiety will be felt until further news can be obtained. As the city is cut off from telegraphic communication, nothing could be heard yesterday, although many sent telegrams of inquiry.

Death List Growing.

Houston, Tex., Sept. 10.—Late advices put the number of lives lost at Galveston at not less than 1,500 and some estimates go as high as 5,000. Hundreds of bodies are still under the ruined buildings of the city. Property loss will reach \$10,000,000. All of the wires are still down. Government tents and relief supplies have been ordered to Galveston.

FATAL FALL.

Thos. L. Graham Loses His Life in An Accident.

Mr. Thomas L. Graham, of Casky, was fatally injured Friday morning by a fall from his barn, and died from his barn, and died from his injuries at 5 o'clock Sunday morning.

Mr. Graham had climbed up into the top of the barn to examine some tobacco to see if it had been fired enough. While so engaged he lost his footing and fell fifty feet. He caught with one hand part of the way down and that broke the force of his fall, but it is supposed his spine was hurt by this attempt to catch and save himself. He fell with great force and was completely disabled, through not rendered unconscious. The men who were with him put him on a cot and took him to the house and doctors were summoned. No bones were broken but he was found to be injured internally or about the spine. He lingered nearly 48 hours, much of the time unconscious. He fully realized the hopelessness of his condition from the first but accepted the inevitable result with christian resignation. He called his family to his bedside Saturday and bade them farewell and said to them that he was willing and prepared to die. Shortly afterwards he became unconscious and continued to sink until the end came.

Mr. Graham was a son of the late John Graham and a brother of the late Walter S. Graham, of this city. He was 51 years old and leaves a wife and two grown children, Miss Katie Graham and Douglass Graham.

The funeral services were held at the residence yesterday morning, by the pastor of the Pembroke Baptist church, of which deceased was a member. The interment took place in Hopewell cemetery about

noon.

Mr. Graham was a prominent, wealthy and highly respected man, whose loss will be deeply felt in the community in which he had long been a leading citizen.

CITIZEN OF CANTON

Dies at Home of His Brother at Cadiz.

Mr. George Cobb, a prominent citizen of Canton, died at the home of his brother, Mr. Frank Cobb, in Cadiz, Sunday morning, of a complication of diseases. He had been ill for several months and had come to Cadiz for treatment. He was 51 years old, a member of the Methodist church and leaves a family. The interment took place at Canton yesterday.

ANOTHER BARN BURNED.

Building Contained Fifteen Thousand Pounds of Tobacco.

A large tobacco barn belonging to Rev. Samuel Sumner, of near Roaring Springs, was destroyed by fire at an early hour Sunday morning. The building contained about six thousand sticks of the weed.

PEMBROKE PLANT.

Town Soon to be Lighted by Electricity.

Pembroke is soon to have electric lights. W. S. Bumpus, former owner of the Pembroke Roller mills, has purchased a complete electric plant, which he will put in operation as soon as same arrives.

Mrs. Cordia White, of Cadiz, is visiting her parents, Mr. and Mrs. T. C. Hanbery, on Elm street.

STRUCK BY ENGINE.

And Killed—L. & N. Section Hand's Horrible Death.

Jack Kirkpatrick, an L. & N. section man working between Nortonville and Morton's Gap, was killed by the South bound passenger train Friday afternoon. It is reported that he attempted to flag the train, which was close upon him, and in crossing the track was struck by the engine and instantly killed.

Kirkpatrick was about forty-five years old and a man of family. He lived at Morton's and had been in the employ of the railroad company for several years.

LAMP EXPLODED

And In Handling Fragments Hand Was Badly Burned.

Mr. Geo. W. Edwards, of the firm of Watkins & Edwards, is suffering from the effects of a badly burned hand.

A large lamp in his office exploded Friday night, and in an effort to extinguish the flames his right hand was so badly scorched that he will be unable to use the member for some time.

J. P. Meacham has begun the work of rebuilding his livery stable at Gracey, recently destroyed by fire.

The Indiana Republican

Chairman Hervey at Indianapolis.

is quoted as saying that the

whose murder case was made

a plank of the Kentucky Republican

platform.

"Mr. Taylor is not making

speeches under the auspices of

committee, but is doing so on his

own hook. I understand he is

simply filing personal appointments

in places where he has been invited.

Our committee has nothing what-

ever to do with his engagements."

If all who knew and approved of

the contemplated murder of Gov.

Goebel were to be indicted at Frank-

fort this week, some of the Repub-

lican leaders in this county may be

called upon to explain. At least

one of them stated publicly the day

before the assassination: "Goebel

may be counted in but he will never

be governor." And another who

had held a high office threw up his

hat and shouted for joy when he

heard that the plans had been

carried out.

The outlook daily grows brighter

and New York is now being claimed

with confidence for Bryan. Two

members of the Cleveland cabinet

have come out for the ticket and it

is believed Cleveland will do the

same, as he has declined to accept

an appointment on McKinley's

Peace Conference. The Olney let-

ter has done great good in the East

and predictions are freely made

that it is to be a landslide.

Taylor pardoned Powers and

aided him in his flight to the moun-

tains. The Republican platform

endorses Taylor's course, including

the bogus pardon. Yerkes stands

on this platform. Therefore until

he declares to the contrary he

stands committed to the pardoning

of Powers. He has dodged the

question at Bowling Green, in this

city and elsewhere.

Mr. Yerkes is somewhat tender-

footed on the Powers pardon and

will give him an easier question:

"Will you kindly tell us if you

would as Governor pardon your

brother, Prof. Yerkes, if he should

be indicted and convicted of mal-

icious assault in Bourbon county?"

Speak right out, like a man, all

the folks are listening.

TO OPEN HEADQUARTERS.

Democrats Organize And Are Preparing for an Aggressive Campaign.

The Democratic Campaign Committee of the county has been organized with nine members. R. E. Cooper was elected chairman and Phil Gaither secretary. Other members are J. H. Eggleston, Douglas Bell, Buckner Leavell, J. T. Wall, W. A. Wilgus, Geo. E. Gary, and James West.

The committee will get once open Campaign Headquarters in a large storeroom on Main Street and keep open house until the election. The secretary and others will be always on hand and Democrats from all parts of the county will be invited to call and make themselves at home. There will be a reading room, smoking room and plenty of campaign literature and information.

The young ladies will present the Headquarters with an elegant banner and flag. This work is in the hands of Misses Tony Ware, Nettie Shanklin, Jessie Richards, Lady Bird Ragdale and Eloise Nelson. In the same room Chas. M. Meacham, Executive Committee member for the Second District, will open Congressional Headquarters, and a secretary will be appointed to look especially after this part of the organization.

The Democrats are preparing to make the most aggressive fight ever made in the county.

The location of the Headquarters will be decided on to-day.

The Great Show.

Not only have the newspapers of New York city recently and again emphasized the fact, but it is generally known throughout the breadth of the whole land, as well, that the Adam Forepaugh and Sells Brothers' great consolidated show, which are to exhibit at Madisonville on Saturday, Sept. 22, far surpasses any other similar organization in the number of wild beasts, amphibia, elephants, horses, performing animals, riders, acrobats, clowns, leopards, charioteers, jockeys, great artists and glorious acts, and in the quantity and quality of entertainment furnished for the ordinary price of admission.

Among the most notable new prodigies introduced will be found Hassan Ali, the Egyptian giant, said to be the tallest man on earth, and for the past 2 years a big attraction with the Barnum & Bailey show in London and Great Britain. The number of principal male and female bareback riders has been increased to nineteen; that of the clowns to twenty-five, and in the aerial and acrobatic departments the additions are proportionately large and brilliant. The grand double street parade has been made still more richly, and in every direction still greater effort has been made and greater outlay incurred to more than meet the popular demand for cheap, wholesome, stirring and hilarious entertainment.

Wiedemann Comedy Company.

Wiedemann's Big Show opened their week's engagement at Holland's Opera House last night to a packed house, presenting the four-act comedy "About Town." The company is stronger this year than ever. Tom and Nellie Wiedemann are the clever people as of old and the supporting company is very strong. The specialties between acts are all new features and Prof. McDonald's orchestra is one of the best that has ever visited our city. The engagement is for the week with Saturday Matinee. A new list of plays will be presented, with change of specialties each evening.

TRI-STATE FAIR.

Five Days of Solid Fun at Evansville.

All Railroads Will Issue Excursion Rates and Large Crowd From Here Will Attend.

The great Tri-State Fair commences at Evansville, Ind., next Monday and will last five days. In addition to all regular fair features, which will be up to-date in every particular, an excellent program of specialties will also be given daily.

Among the special features will be the following:

Maj. R. H. Hendershot the famous drummer boy of the Rappahannock, who was in all the great battles of the Civil War, and his son, the inimitable fifer, will entertain the audience daily with rare and masterful selections with drum and fife.

Harry LaRose, the great sensational spiral ascension.

J. J. Grant, the king of high wire performers. The wire he uses is charged with 104 volts of electricity.

The largest Ferris Wheel in the world, excepting the Chicago World's Fair Wheel.

4 Balloon ascensions.

Vontello and Nina, America's most sensational gymnasts. Fastest working double trapeze act before the public.

Trotting, pacing and running races each day.

Special Premiums:

Best laid rider, Friday, Sept. 21. First Prize—An elegant Tailor-made cloth suit \$25.00. Second Prize—A handsome Walking Skirt \$10.00.

Mule race—one mile dash, Thursday, Sept. 20. First money, \$10.00; second money, \$5.00; third money, \$2.50.

Amateur foot race, to be run on Thursday. First prize, value \$10.00; second prize, value \$5.00.

For the shortest man or woman attending the fair \$5.00; for the tallest man or woman attending the fair \$5.00; lightest weight man or woman attending the fair \$5.00; heaviest weight man or woman attending the fair \$5.00. All contestants must be 21 years old or over. All railroads entering the city will issue excursion rates.

A large crowd from this city will be on hand during the entire fair.

JOHN A. MYERS DEAD.

Succumb to Attack of Inflammation of Stomach.

Mr. John A. Myers, a well known farmer who lived near Herndon, died Friday night, after an illness of only a few days, of inflammation of the stomach.

Mr. Myers was about fifty-five years old and leaves several children, all grown.

He was a man held in the highest esteem by all his neighbors and in his death that neighborhood has lost one among his best citizens.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somewhat the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

REPUBLICANS MEET

In County Convention and Instruct For Lynch.

Thirty-five white and five colored Republicans held a county convention Saturday evening and appointed delegates to the district convention instructed to vote for a free silver Browne, Mr. Wm. Lynch.

The convention was called to order by Judge Anderson and organized by the election of Judge Polk Cansler as chairman and Jim Auglin, col., as secretary.

The chairman made a speech in which he said the assassination of Gov. Goebel was due to the "highway robbery of the Democrats" and that it would have been strange if somebody had not been found to "resist" the "robbery." The Judge also appeared to be dissatisfied with the present election law, that some prominent Republican county officers violated last year by entering the poll rooms and trying to influence the election officers.

This flagrant violation of the law by county officers was one of the high-handed proceedings that prevented the holding of a lawful election in the court-house precinct. But to return to the convention.

A committee was appointed who reported resolutions endorsing the fusion candidate, but they were not adopted unanimously. John Feland was present and gave the convention a piece of his mind on the sell-out, John Everett and other "true blues" were present and applauded Feland's warm speech. But the slate went through and the imperial edict of Broncho Franks was obeyed to the letter.

TIME DRAWS NEAR

For The Great Hopkinsville Elks Fair and Carnival.

Two weeks from to-day the Hopkinsville Elks Fair and Carnival will be inaugurated, and for five "joyous days"—so the advertising matter proclaims them—the city will be crowded with visitors who will enjoy the sights and have a good time generally, incidentally trading with the local merchants.

The ample proportions of the big event are being more apparent as the time of holding the fair draws near. Every day will be a special day of some sort and every hour will be crowded with interesting features.

A magnificent fire works exhibition will take place on the night of the 27th, eclipsing any pyrotechnic display ever witnessed in this section. The Diving Elks, two large and beautiful trained animals, comprise the chief attraction. They plunge from towers seventy-five feet high into a miniature lake. Another free attraction is Mile. Chariot, the celebrated Mexican aerial artists whose sensational mid air feats thrill all spectators.

Messrs. W. A. Wilgus and James A. Radford, who have been in Chicago and other large cities since the first of last week, wire that they have contracted for other high-class features.

The midway shows are many and varied and a trip "down the line" will delight everybody who takes it. In an early issue the KENTUCKIAN will describe some of the best performances that will amuse the visitor on "The Midway."

The parades are being planned on an elaborate scale, especially a floral pageant on Thursday of fair week and the industrial procession on Saturday. Local society will be out in gaily adorned traps, and several handsome floats are being arranged. One of these will be constructed for the Elks and will be occupied by the Queen of the Carnival and her maids of honor. Who the queen will be is a question that is exciting unusual speculation.

Ballooning for this distinguished honor was begun Saturday and the vote will be counted to-day. The Queen will choose her own attendants. On Friday night of the fair the Elks trap will take place. A thousand invitations to the leading society people of Kentucky and adjoining States will be issued. The Queen of the Carnival will be formally crowned at the ball.

The permanent headquarters of the Elks Fair and Carnival were opened yesterday in the Ragadale, Cooper & Co., building. A huge streamer stretched between Forbes & Bros. and the former building mark the location of the rooms. Members of the committee remain

GIGANTIC AFFAIR

Will Be Louisville's Carnival and Industrial Exposition.

Louisville's second Fall Carnival and Industrial Exposition which will be held September 17th to 29th will be the most gigantic undertaking of the sort ever assumed by any Lodge of Elks in the South and West. Encouraged by the brilliant success of last year's Carnival, when 250,000 people attended in the two weeks of its duration, it is determined to make this year's undertaking greater in every respect. The lowest railroad rates ever secured for any Louisville undertaking have been made for this event and it is safe to say that a record-breaking crowd, not only throughout the State of Kentucky but Southern Indiana will attend. McKinley and Wm. Jennings Bryan have been invited.

Louisville's Street Fair will be the largest ever held in the United States. There will be one solid mile of booths, comprising three hundred industrial displays, representing the best products of farms, factories and mills, and choicest wares of Louisville's biggest stores will be on dress parade. There will be many exhibitions of a most unique and attractive character.

The Carnival 1. Louisville this year will be inaugurated with the biggest Floral parade ever arranged in the South. When it is said there will be five miles of gorgeous decorated vehicles some estimate can be formed of the magnitude of this parade. Fifteen bands will be in line; the entire Louisville police force and fire department will take part, and the apparatuses of the departments will be elaborately decorated. To arouse rivalry and stimulate competition fifty prizes will be offered for the best display. The swiftest private vehicles in the city, drawn by the proudest horseflesh in the State, will be seen in dazzling array. It will be better than a circus and of vastly more interest.

The Louisville Midway will be a great amusing institution. Fairly crowded with attractive shows, representing the splendor and the mystery of the East and the wealth and beauty of the West. There

DIED OF PARALYSIS.

Had Been Confined to Bed For Five Years.

Mr. John Henry Wolf, son of Mr. John Wolf, of the Antioch neighborhood, died at the home of his father last Thursday night, after a long illness of paralysis, resulting from rheumatism from which he had been a sufferer for a long time. About five years ago he was paralyzed and since that time had been confined to his bed.

He was born Nov. 11, 1853, and was therefore nearly 47 years of age. He leaves a wife and three children—a son and two daughters—besides a host of friends to mourn their loss.

The interment took place in the family burying ground Saturday.

JUBILEE SERVICES.

All This Week At The Christian Church.

Jubilee services at the Christian church, to celebrate the 50th anniversary of the organization of the church here, are being held this week. Rev. Benj. L. Smith arrived Sunday and preached at the night service.

Dr. Jas. A. Young gave a historical sketch of the Church last night and to-night the subject of discussion will be South Kentucky College. There will be services every night until Friday night. Wednesday, Thursday and Friday nights Rev. J. L. Hill will hold evangelistic meetings.

HORSE THIEF

Makes An Unsuccessful Attempt to Steal a Valuable Mare.

A horse thief attempted to steal a saddle and harness mare from Rev. A. W. Meacham, near Gracey, Sunday night. The man was detected by Willie Gaines, col., who lives on the place. Gaines gave an alarm and then started in pursuit of the thief armed with a gun. Being unable to get out at the front gate, the man undertook to escape by a detour across a field, but members of the family joined in the pursuit and cut him off at the only point at which he could get through the fence, and being closely pursued the thief turned the mare loose and she was rescued by Gaines. The man got away on foot without being identified.
